Portrait Session Fees

Session fees are paid at the time of the session and do not apply to portrait purchases. Preview books and Digital Preview Slide Shows are usually ready for pick up within two days of the session. You are allowed to take these home without additional deposit, but you must return them for ordering within two weeks. Digital Preview Slide Shows expire for viewing purposes after four weeks. Many appointment times book up quickly and weeks in advance so plan accordingly. Cancellations do to illness or inclement weather will be rescheduled as best we can due to other commitments.

Economy Sitting \$45 plus tax

Head & Shoulders Portrait only. Great for publication or professional purposes. Preview Book not provided, for immediate selection only. One outfit.

Minimal retouching provided. Extreme corrections in hair and makeup not included. Glasses may glare in some cases and cannot be removed in most. Tan lines can be retouched but may incur additional charges for retouching. Darker, solid colors tend to work best.

Studio Basic Session \$65 plus tax

In studio for one individual, grouping, or outfit. For additional individuals, groupings and outfits we charge \$30 plus tax for each addition. When scheduling more than one outfit try to make the outfits different enough to offer a variety of posing options.

Allow 20-40 minutes per outfit, individual, or grouping. Selections offer 15-25 poses to choose from for each session element.

Smaller children do better with early morning appointments. Remember that lots of clothing changes (extra charges) may also create a grumpy subject. Plan for the possibility that they may change the direction you had planned to go with your appointment. Be flexible with them and rest assured that we will do the same.

We do many pictures on our front porch here when weather and seasons permit.
